PROGRAMME REPORT

It posited the relearning with dealing and association with education. With a detailed discussion on total literacy mission, it opened up for a discussion and dialogue of the gendered approach towards education. The sessions had meticulously dealon the intricacies of gender and the National Perspective Plan for Education.

Background and need.

It was conducted by the Department of English at DNRGDCW based on:

- Enhancing the faculty members to understand the gendered approach towards education.
- Complicating the positions of women in science and technology and also the issues and challenges of digital learning.
- An upgradation of every teacher about the needs and requirements of gendered approach towards education.

Objectives of the workshop

To set a platform for teachers' various disciplines to have an in-depth orientation on gender, women and work, gender and education etc.

- To prepare the teachers to inspire the students to focus on gender equity.
- To encourage the teachers to understand each student and make enough changes in their teaching system.

Outcomes:

- ❖ The teachers were able to harness the potential of students so that they can learn and grow in a stress – free environment.
- ❖ The teachers understood that the specific focus was given on student centric teaching by making enough changes in teaching methodology.
- ❖ It had provided teaching to the teachers for a gender sensitive approach towards their respective disciplines as well as the society at large.
