GRANTHALAYA VAROTSAVALU

From: 17-11-2021 to 24-11-2021

OBJECTIVES: Student will gather more knowledge about their courses with help of library. They will know about so many types of books. ***Students benefit from library instruction in their initial coursework.*** Information literacy instruction provided to students during their initial coursework helps them perform better in their courses than students who do not.

1. ***Library use increases student success.*** Students who used the library the library in some way (e.g., circulation, library instruction session attendance, online database access, study room use, interlibrary loan) achieved higher levels of academic success.
2. ***Collaborative academic programs and services involving the library enhance student learning.*** Academic library partnerships with other campus units, such as the writing center, academic enrichment, and speech lab, yield positive benefits for students.
3. ***Information literacy instruction strengthens general education outcomes.*** Library instruction improves students' achievement of institutional core competencies and general education outcomes such as inquiry-based and problem-solving learning, including effective identification and use of information, critical thinking, ethical reasoning, and civic engagement.
4. ***Library research consultations boost student learning.*** One-on-one or small-group reference and research assistance with a librarian enhances academic success, as documented by such factors as student confidence, GPAs, and improved achievement on course assignments.
