Student Satisfaction Survey 2023-2024

Student Satisfaction Survey (SSS) on overall institutional performance

Students are the primary stakeholders of an institution, and every initiative taken by the institution aims to create a supportive, barrier-free environment that fosters academic excellence. This survey follows the questionnaire framework recommended by NAAC, covering areas such as classroom experience, administrative performance, and the quality of extracurricular offerings. While online student satisfaction surveys can be distributed in various formats, email remains one of the most effective methods for reaching students.

GUIDELINES FOR STUDENTS:

Student will have to respond to all the questions compulsorily with sincere effort and thought. Student identity will not be revealed.

This survey is being conducted by Sri DNR Govt Degree College for Women, Palakol with the aim to upgrade the quality in higher education.

Each question has five options and the students are required to choose the most appropriate one.

Students are required to give answers for the following questions:

1. Student Name
2. Mobile Number
3. What subject area are you currently pursuing?

SURVEY PROCESS:

- The survey is conducted and reported by Internal Quality Assurance Cell (IQAC) with the support of Heads and Coordinators of all the Departments. The Questioners were prepared in the form of Google Form and circulated to all the Departments and then to Students through Coordinators.
- The feedback was taken on different attributes like; Basic Facilities, Basic Services, Co-curricular and Extracurricular Activities.
- The responses obtained on these dimensions are compiled into a Spread Sheet, analyzed and Logical Conclusions are drawn there from.
- The Questionnaire consisting of 21 questions is shared with the students and their responses are noted and analyzed graphically in terms of percentage. After analysis, results are analyzed by IQAC Team.
- The results of the survey will help the institution to understand both short term and long term needs of the students and initiate remedial action to improve the facilities wherever it is required. The outcome of this survey will provide a base for planning for the future.
